

# Router (Ethernet) Wi-Fi AC1350 Archer C60 (35 EUR)

Luogo **Toscana, Livorno**  
<https://www.annunci.it/x-131398-z>

Vendesi causa passaggio altro dispositivo con SIM CARD ,

- CARATTERISTICHE HARDWARE:
- Interfaccia 4 × 10/100Mbps LAN Ports
  - 1 × 10/100Mbps WAN Port
  - Tasto WPS/Reset Button
  - Wireless On/Off Switch
  - Power On/Off Button
  - Alimentatore esterno 12VDC/1A
  - Dimensioni ( L x P x A ) 9.1×5.7×1.5in. (230×144×37mm)
  - Antenna 3 × 2.4GHz Antennas
  - 2 × 5GHz Antennas
- CARATTERISTICHE WIRELESS
- Standard wireless IEEE 802.11ac/n/a 5GHz
  - IEEE 802.11b/g/n 2.4GHz
  - Velocità wireless 450Mbps(2.4GHz)
  - 867Mbps(5GHz)
  - Frequenza 2.4-2.5GHz
  - 5.15-5.25GHz
  - Potenza di trasmissione 13.5dBm Max(2.4GHz)

|                                                                                                                                                                                                                                                          |                                                                                                                                                                                                                                                           |                                                                                                                                                                                                                                                           |                                                                                                                                                                                                                                                           |                                                                                                                                                                                                                                                            |                                                                                                                                                                                                                                                             |                                                                                                                                                                                                                                                             |                                                                                                                                                                                                                                                             |                                                                                                                                                                                                                                                             |                                                                                                                                                                                                                                                             |
