With our fabric bed frame, instantly give your bedroom a spectacular modern charm!

Distinguished by a simple, but timeless design, this bed frame adds elegance to the interior of your bedroom. Powder coated iron frame and wooden slats give the bed stability and durability. A bed upholstered in durable and easy to clean with artificial leather looks extremely attractive. In addition, the bed has a color-changing LED strip on the headboard, so it will be both practical and decorative detail for your bedroom. With the functional 24-button remote control included in the package, you can conveniently change the power, brightness and different flickering modes of the LED light strip, thus creating a unique light show. For a upholstered bed, a mattress with a size of 180 x 200 cm is suitable. Chiudi
