Hello! I am actively searching for a comfortable room to rent in a friendly and welcoming environment. Here are a few details about what I'm looking for:

Location: I prefer a location that is convenient and easily accessible to public transportation, as I rely on it for daily commuting.

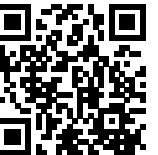

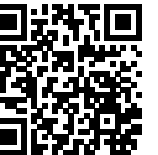

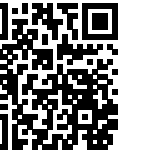

Budget: I have a specific budget range in mind, and I am looking for a room that falls within that range.

Duration: I am interested in a long-term arrangement, ideally six months or more. Stability and a sense of home are important to me, and I am committed to being a reliable and responsible tenant.

Furnished/Unfurnished: I would prefer a room that is at least partially furnished. However, I am flexible and willing to discuss the specifics with potential landlords.

Compatibility: I value a harmonious living environment and believe in mutual respect and open communication. I am a clean, organized, and considerate individual who appreciates a peaceful atmosphere. I am also comfortable with shared spaces and responsibilities.

If you have a room available that matches these criteria or if you know someone who does, please reach out to me. I am eager to find the perfect place that I can call home. Thank you for considering me as a potential tenant, and I look forward to hearing from you soon! Chiudi
