

A large collection of vintage and modern audio equipment is arranged in a room. The setup includes several large floor-standing speakers with multiple drivers, smaller satellite speakers, and a variety of electronic components such as amplifiers, tuners, and recorders. The equipment is displayed on a tiled floor, with some items resting on wooden stands or boxes. The background shows a window with patterned curtains and a shelf with additional items.

[illegible]

Hz ,18W,(18 V.A),da REVISIONARE,da cambiare la cinghia,ecc. la macchina e' stata ferma un po' di anni,oggetto in parte funzionante ,pero' e' da revisionare a euro 269

-Vari cd musica mista , ecc.
