Redigere un bilancio di esercizio è un'operazione complessa, ma fondamentale nell'amministrazione contabile di un'azienda.

Se conosci già i principi fondamentali della contabilità e vuoi migliorare le tue competenze in questo ambito, il Corso avanzato di contabilità e bilancio è ciò che fa per te.

Approfondirai i temi relativi alle rilevazioni contabili, alle scritture di assestamento e al bilancio, e imparerai a tradurre le operazioni aziendali nel linguaggio contabile con il metodo della partita doppia.

Al termine del percorso sarai in grado di:

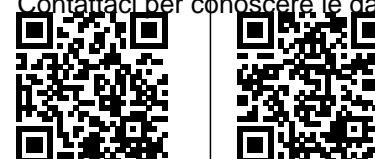

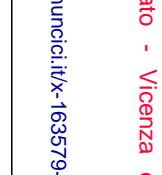

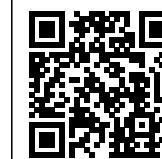

- applicare correttamente il metodo della partita doppia;
- gestire gli adempimenti mensili e annuali;
- redigere un pre-bilancio.

Durata: 30 ore

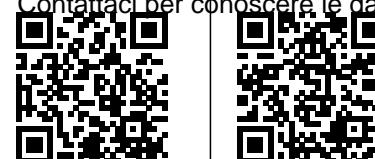

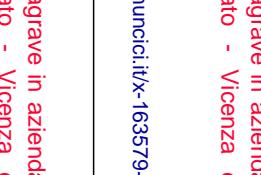

Quota di iscrizione: € 495 + IVA

Disponibile in aula a Creazzo (VI) oppure in video conferenza.
