Hello my name is Joseph and I'm a mother-tongue English teacher. I was born in Naples but I grew-up and attended school in England. Then, I went to work in the U.S.A. for several years.

Now, I teach English from my home but I also go to my student's.

I am also a qualified intercultural-mediator. I have a lot of experience and I specialize in improving English to people who need and use it for work! Chiudi
