We are a manufacturer of houseboats, catamarans, pontoon boats and floating piers.

LAKESTAR 1000 is a new line of houseboats that can be found in a floating and stationary version. It is an innovative unit with a unique design. The highest quality materials were used for construction. Excellent interior design with one or two bedrooms. A spacious terrace in the bow part and a large utility terrace on the roof make the houseboat perfect for a couple or the whole family for a long holiday break or weekend trips with friends in the bosom of nature. For cool evenings LAKESTAR 1000 has 3 types of heating and an air conditioner for hot summer days. In addition, it has a large bathroom with a shower, sink and toilet with a macerator. You can order a number of additional options, such as: photovoltaic panels, oven, dishwasher, beds, sofas, table with chairs, additional cabinets, electric drive, etc.

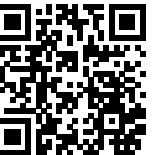

TECHNICAL SPECIFICATIONS:

LENGTH: 10.5 m

WIDTH: 4m

HEIGHT: 3.2 m
