

EMUHDD - IDE 40pin 44pin hard disk drive emulatore amp simulatore (1 EUR)

Luogo **Veneto, Verona**
<https://www.annunci.it/x-221117-z>

EMUHDD - IDE 40pin 44pin hard disk drive emulatore & simulatore

EMUHDD ("Emulator of Hard Disk Drive") is a combined technology that allows to emulate any kind of hard disk or magneto optic or removable drive. Communication with the machinery host supports a wide range of protocols, ATA-IDE, PATA-IDE, ULTRA-SCSI, SCSI I, SCSI II. Data is stored on a choice of supports, CF or modern SDC, and always easily accessible on PC for quick backup/restore. Each EMUHDD is custom configured to match exactly the geometry of the original drive (name, size, tracks, sectors...). There's no limit about the OS supported by the emulation: Win/Dos/Unix and any other legacy operating system. Depending on the application you'll be also given a recommended preventive maintenance guide, each 1/5 years, ensuring a unique 0% failure rate over time.

EMUHDD ("Emulator of Hard Disk Drive") è una tecnologia combinata che permette di emulare qualsiasi tipo di hard disk o magneto ottico o drive removibile. La comunicazione con il macchinario host supporta un ampio range di protocolli, ATA-IDE, PATA-IDE, ULTRA-SCSI, SCSI I, SCSI II. I dati sono salvati su una scelta di supporti, CF o SDC moderna, e sempre facilmente accessibile sul PC per un rapido backup/restore. Ogni EMUHDD è completamente configurabile per riprodurre esattamente la geometria del drive originale (nome, dimensione, tracce, settori...). Non c'è limite all'OS supportato dall'emulazione: Win/Dos/Unix e qualsiasi altro sistema operativo legacy. A seconda dell'applicazione verrà fornita anche una guida alla manutenzione preventiva, ogni 1/5 anni, garantendo un tasso di errore unico dello 0% nel tempo.
