Luogo Trentino-Alto Adige, Trento https://www.annuncici.it/x-227449-z

I need an apartment in Trento from September to the end of February, I am going to study at the University of Trento, Department of Information Engineering and Computer Science in that period. I am 30 years old, I do not smoke, I will move without any pet, besides pursuing my master's degree I have a fulltime job, so it will not be a problem to pay the rental fee, since I get salary and scholarship as well.
