Vorrei raccontare scrivendo poche righe il cane meraviglioso che sei . Il giorno in cui sei entrato in canile fu terribile i cani che ti abbaivano contro tu che cercavi dei sguardi che ti mettessero un po' di tranquillità ti guardavi intorno e non capivi tutto quello che ti stava accadendo purtroppo la vita del canile è questa .Sono passati 3 anni il tuo sguardo timido è rimasto lo stesso ,oggi ti ritrovi ha vivere da solo perché il tuo compagno è stato adottato e tu non c'è la fai proprio ad abituarti. Proveremo ancora una volta ha trovare una famiglia anche per te che ti accolga in casa e che ti rende partecipe della propria vita. Bond è compatibile con altri cani sia maschi che femmine e testato con i gatti. Verrà affidato microchippato vaccinato sterilizzato e con analisi
