

## A modern, minimalist bedroom interior. On the left, a white desk is positioned under a window, with a black adjustable lamp and a small black digital clock. A white chair with a grey backrest is tucked under the desk. In the center, a white bed frame with a white mattress and a red blanket is visible. Above the bed, there are two white shelves holding various items like books, a small plant, and decorative objects. To the right of the bed is a large white wardrobe with a red vertical stripe on its door. The floor is made of light-colored wood, and a yellow rug with a red and black pattern is placed in front of the bed.
