Litfiba Eneide di Krypton - 1983 - Rarità.

An artistic masterpiece by Litfiba, dated 1983 and almost impossible to find.

After the band's final break-up, the value of the vinyl in question has risen exponentially, not that it wasn't also previously, given the very few original pressings on the market.

Almost entirely instrumental, it was conceived and composed by the band on commission from Krypton,

in order to use the songs on the record not only as a sound medium, but also as an integral part of their story. The story of the band was in fact a real-life drama, with the band members using the songs as a way to tell their story. The story was in fact a real-life drama, with the band members using the songs as a way to tell their story.

The LP features several sound episodes, some interconnected and often repeated, almost entirely constructed by Antonio Azzizi's keyboards and Gianni Maroccolo's bass. All the songs are instrumental, except for the account of Eneide, in which Litfiba recites some verses from the Aeneid.

The first edition of this work was released in 1983.

The album was specially composed by the group to serve as the soundtrack to the theatrical performance of Virgil's Aeneid, staged by the Florentine theatre company Krypton. Chiudi
