For sale, a 2006 Paul Reed Smith Custom 24 20th Anniversary Edition in exceptional original condition and in perfect working order, complete with the original hardshell case. PRS' most popular and enduring model. Custom 24 features a bookmatched carved flame maple Top finished in rare custom color Blue Matteo. To celebrate the 20th anniversary of PRS, this guitar was released with the special "Birds in Flight" fretboard inlay. A tremolo-equipped model with stock HFS and Vintage Bass humbuckers, this Custom 24 delivers articulate, singing tones with a very versatile 3 pickup selector switch and push-pull pot. The instrument has a clear, lively natural acoustic resonance and healthy sustain, qualities translated faithfully by the humbuckers. The mahogany neck has PRS Wide Thin profile, a slender C-shaped carve with just enough roundness in the shoulders, measuring .810" deep at the 1st fret and .890" at the 12th. The slab rosewood fretboard is a dark cut with a 10" radius, featuring Birds In Flight abalone inlay and stock medium jumbo fretwire.

The frets are in new great shape. The truss rod cover is embossed with "20th" script, and on the back of the headstock. The chrome Schaller-built and PRS-branded locking tuning machines turn smoothly and

hold accurate pitch. All of the electronics are stock and untouched. There's light surface vintage patina on the body, no scratches, no splits, no damage. All hardware is with black powder-coated inferior switches along with some accessories.

Rarissima Paul Reed Smith 20 th Anniversary Custom 24 limited edition nel rarissimo Custom color blue matteo in mogano selezionato e  
laccato con la mano. Il manico è in mogano  
color blue matteo in acero fiammato. Strumento di
