

# Lezioni Matematica finanziaria - Pricing - Derivati

Luogo

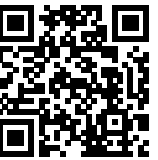

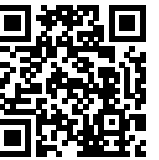

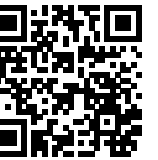

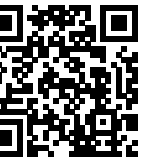

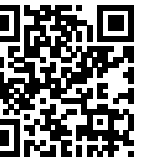

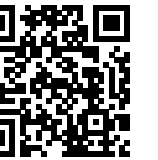

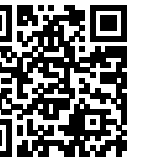

Lombardia, Milano

<https://www.annunci.it/x-262590-z>

esperienza lavorativa pluriennale nella finanza quantitativa, offro lezioni di matematica finanziaria (teoria e pratica), Fixed Income, pricing di derivati (semplici e complessi), tematiche di risk management (VAR e PAR, Profit and Loss, ES), modelli di pricing, implementazione di codici (C++; visual basic, matlab, R), derivati nell'area Commodity e Energy (brent, Pun, prodotti raffinati e oli grezzi, gasoli, CO2), aiuto/assistenza nella stesura tesi su tematiche finanziarie, quantitative, di risk management, statistico-matematiche, derivati nella pubblica amministrazione). lezioni online o a milano

disponibilità a fare lezioni via skype/zoom Chiudi

|                                                                                                                                                                                                                                         |                                                                                                                                                                                                                                          |                                                                                                                                                                                                                                          |                                                                                                                                                                                                                                          |                                                                                                                                                                                                                                           |                                                                                                                                                                                                                                            |                                                                                                                                                                                                                                            |                                                                                                                                                                                                                                            |                                                                                                                                                                                                                                            |                                                                                                                                                                                                                                            |
