Welcome to Namey's Tribe, a registered cattery with WCF cat federation.

We offer this blue Abyssinian beauty for sale as "breeding" class. She is chipped, vaccinated, dewormed, has EU passport and WCF pedigree, accustomed to using cat's toilet.

She was born in Latvia on Sep. 01, 2022, currently is located in Riga (LV), delivery to Italy (or other destinations) is negotiable.

She's a true Abyssinian temper and look - athletic, curious, friendly and independent. Both parents are Grand European Champions by WCF, one of the best cats in Latvia (Azart [ruddy] & Ontara [fawn] can be found in [WCFcatonline.com](http://WCFcatonline.com) register).

We encourage to have a video-call prior to agreement, so that you can have a closer look at the kitten, her mom, and living conditions.

For beginners, we will be happy to provide you with lifelong support, offering our guidance and advice to you after the sale. For mature breeders, this kitten could be an asset with fresh blood-lines in your cattery.

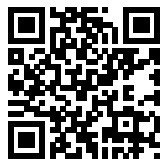

As a compliment, we will add a Latvian small jewelry item (either Namey's ring, or ethnic charms) by Baltu Rotas smithy from Sigulda (LV), as shown on last two photos.
