Looking for student flat-share in Genoa 400

Luogo **Liguria, Genova** https://www.annuncici.it/x-329233-z

Hello everyone,

My name is Emilien Ouvrard and I am a 23 year old French student who is coming to Genoa to do a thesis in mathematics from 01/10/2023. I'm looking for an apartment in Genoa, fairly close to the maths department and if possible a flat share with other students. I don't speak Italian yet (I only speak French and English) but I'm going to work on it as soon as I arrive.

Do not hesitate to contact me if you think that my profile corresponds to your expectations.

ciao ciao Chiudi
