MAP2 STING Macro Probe
150mm Microscope Close-up 4x Kit Nikon F
3D Print Made in Italy

Kit per macro fotografia, compatibile con tutte le fotocamere reflex Nikon F
Tecnica tradizionale a sonda per avvicinarsi in modo economico alla fotografia macro.
La messa a fuoco viene avvicinandosi al soggetto, esposizione manuale M, regolando tempo e ISO.
Kit completo di obiettivo RMS da microscopio acromatico in alluminio con fattore 4x e tappo posteriore.
Sul campo si comporta bene, la messa fuoco avviene a pochi mm dal soggetto.
Ottimo fattore di ingrandimento, adatto per usi amatoriali e sperimentali.
Difficile fotografare a mano libera, pochi millimetri cambiano la messa a fuoco del soggetto.
I risultati migliori si ottengono con cavalletto e illuminazione macro adatta.
Il Kit smontabile è stampato in 3D PLA.
Buono l'accoppiamento con il corpo macchina, con il classico click di aggancio.
Essendo in plastica ci vuole attenzione nell'aggancio al corpo macchina.
La macchina fotografica non è compresa nel kit.

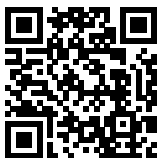

Macro photography kit, compatible with all Nikon F SLR cameras
Traditional probe technique for an economical approach to macro photography.
The focus is getting closer to the subject, manual exposure M, adjusting time, and ISO.

Complete kit with metal microscope eyepiece with 4x factor and rear cap.
The kit performs well in focus, allowing a few mm from the subject.
On the field, it behaves well, the focus is achieved in a few mm from the subject.
The kit is complete with a 4x objective, manual exposure M, adjusting time, and ISO.
The kit is complete with a 4x objective, manual exposure M, adjusting time, and ISO.
The kit is complete with a 4x objective, manual exposure M, adjusting time, and ISO.
The kit is complete with a 4x objective, manual exposure M, adjusting time, and ISO.
The kit is complete with a 4x objective, manual exposure M, adjusting time, and ISO.

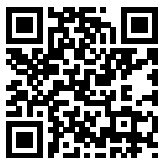

Good coupling with the camera body, with the classic coupling click.
Being made of plastic, attention must be paid to hooking it to the machine body.
The camera is not included in the kit. Chiudi
