Buongiorno,

VORRESTI IMPARARE L'ITALIANO?
Would you like to learn Italian?

ECCO QUI SOTTO LA SOLUZIONE PIÙ EFFICACE, COMODA ED ECONOMICA DI SEMPRE:
Here below find out the most efficient, comfortable, and the cheapest solution of ever:

I'm a native teacher of Italian as second language with long experience in Italy and abroad, and who has been providing a customized and comfortable tutoring via SKYPE.

My lessons are based on a modern communicative approach. In particular, they are mainly structured on short conversations, mp3s listening, pronunciation, a few writing tests, and above all, they are focused on simulating daily real-life contexts (as traveling, sport, job, information and directions in a city, how to talk to a doctor or how to address to a shop assistant, and many other situations...).

Grammar rules are taught through a hidden method of little "inputs" easy to memorize.
Besides, you'll enjoy the classes watching and commenting in Italian language famous and fun short film scenes.

Material teaching from well-known textbooks is utterly free of charge, and scanned into universal electronic formats (pdf, doc, ppt, mp4, etc.), and ready to be printed and your access to class after class.

Materials at all levels are welcome.

Full reliability and flexible agenda are guaranteed.

Affordable prices are charged in return for a one-to-one high range tutoring.
Very promotional prices are offered to students attending at least an individual "8 hour monthly" or a small group tutoring.
