In 2017, on the occasion of the 40th anniversary of the death of Maria Callas (16 September 1977), Warner Classics published a precious box set entitled *Maria Callas Live* which returns the live voice of the Divine in legendary recordings from the stages of the most important opera houses and of the best concert halls in the world.

Thanks to a new audio remastering, made from the best available sources, this collection of 42CDs and 3Blu-rays reveals - with extraordinary authenticity and sonic presence - the unrivaled genius of a singer-actress like Maria Callas.

20 complete works (of which 12 never recorded by Callas in the studio) on 42CDs, 5 recitals on 3Blu-ray and a 216-page booklet with rare photos and texts also in Italian. Chiudi
