Raffaele de leo, born in Taranto in 1970, divides his activity between music and artistic production.
With the help of new technologies, he tries to convey that artistic source that he has within him and that
now more than ever he is rediscovering in recent years by creating modern paintings by relying on his
digital skills.

He plays a lot using light and colors, a lot of originality and modernism, also recalling historical and
theater characters, giving an always different final touch to each of his creations,

In his works he combines reality with fantasy, he uses bold colors and glimpses of realistic places, also
on the geometric characters, he loves to represent scenes with objects and characters and
symbols, the artist's work is unique and unrepeatable, it is impossible to copy his style, it is
a solo artist who creates his own style.
