

## A large, multi-story building with a red brick facade and a series of arches on the ground floor, likely a historical structure in a city square. The building features a prominent corner and a series of windows with red shutters. The ground floor is characterized by a series of arches supported by columns. The building is situated in a city square, with a paved area in the foreground and other buildings visible in the background.

Sgravi fiscali generati dal restauro e dalla ristrutturazione integrale.
