In an apartment in the historic center, near St. Peter's and the Vatican Museums, with convenient Metro A stops Cipro and Ottaviano within a few minutes' walk, I offer hospitality in a single room with private bathroom equipped with shower and all accessories. The single room is for all intents and purposes a guest room, with a full-size bed, which can comfortably accommodate no more than one person. The modernly renovated house is 90sqm in size, has a comfortable terrace and is equipped with common-use spaces such as living room and kitchen. My announcement does not represent a job but only a way to accommodate workers, students and tourists who need to stay a few days in Rome: the utmost seriousness is required and booking of minimum 2 nights with advance payment through Paypal. Handmade breakfast is also included in the stay.

The price of 100 euro is for 1 night. Chiudi
