met a girl / or foreign / or coming in particular from Romania) we can offer an accurate identification service on the person. The investigation of a detective agency are essential in all those cases where it is necessary to check, verify and obtain detailed personal and confidential information. Our detective agency can verify directly in Romania the subject's identity and all that is necessary and useful to solving the case.

Among the cases of more frequent surveys in Romania:

If you met a girl over the Internet advancing Romanian constant demands for money motivating them with excuses and situations that create suspicion as to her truthfulness

You hired a caregiver Romanian, a maid or a babysitter and you're not sure of her professional

Someone / or you've known you blackmails and threatens your family peace of mind

A friend introduced you to a girlfriend / or foreign / or for example from Romania and you want to know more about its morality, if married / separated, if she has children, her profession, family background, who are the parents and if she has brothers and sisters and what they do, and so on

You have met a man and do not know if he tells the truth

You want to hire foreign staff for your business and you want to check your resume

You have any interests or activities in Romania and want to know if your suppliers or customers are reliable and solvent, if your members and employees are loyal and serious

If you have you been involved in legal problems in Romania and you need to research evidence and legal assistance on site in Romania

The investigation by a detective agency can be useful for all those special situations where it is necessary to obtain guarantees and security both on foreign private parties and Romanian corporate and industrial.

Thanks to our privileged contacts in Romania and thanks to our base of operations on the spot investigations that our detective agency carried out in Romania we have not increased the costs.

They are equivalent to a normal rate charged in Italy. However, sometimes the cost is much lower than the Italian one!
