

LE GUERRE DEL DUCE (11 EUR)

Se si minora con i suoi criteri, Mussolini raggiunge il successo in buona parte di quel che tentò o pretese di fare: l'Italia tenuta e odiata nel mondo; l'obbedienza per vent'anni di un popolo; la tradizione, ormai rilegata e mutuata come l'italiano; una nazione temprata dalla guerra. Perciò la prima conclusione di Denis Mack Smith che è Mussolini «fu migliore politico di qualunque altro italiano della sua generazione».

Come mai però egli portò il movimento fascista — deliberatamente, e a momenti con un certo calcolo — a una serie di guerre che alla fine lasciò l'Italia distrutta?

Sono proprio le guerre del Duce la chiave che Mack Smith usa per comprendere tutto il fascismo, perché nella politica estera, esattamente come negli affari coloniali sino all'ultima tragica avventura, Mussolini riglette ed esaspera le contraddizioni della politica interna.

Con la sua ben nota tecnica narrativa, che si apprezzano più che giudicare, convinso che sia il modo migliore per arrivare alla verità. Racconta le battaglie che il Duce intraprese nelle colonie per domare i ribelli della Libia, della Cirenaica e dell'Eritrea; come gli venne l'idea della guerra etiopica e come la condusse; come partecipò, a fianco di Franco, alla guerra spagnola; come invase l'Albania; come entrò nella seconda guerra mondiale, impegnandosi in Africa, in Grecia e in Russia. Racconta cioè in quale maniera Mussolini elaborava la sua politica estera, di cui i suoi collaboratori e consiglieri si circondava senza mai ascoltare i pochi, pochissimi che dissentivano; quale conto teneva dei capi di Stato Maggiore; come valutava le cifre relative al potenziale

“Le condizioni sono perfette da tenere nella VOSTRA LIBRERIA”

Il libro racconta la disfatta politica e militare del fascismo nell'interpretazione del più grande studioso inglese di storia italiana

Mack Smith utilizza le guerre del Duce come chiave per comprendere tutto il fascismo, perché nella politica estera, dalle prime aggressioni coloniali sino all'ultima tragica avventura, Mussolini riglette ed esaspera le contraddizioni della politica interna. Racconta le battaglie che il Duce intraprese nelle colonie per domare i ribelli della Libia, della Cirenaica e dell'Eritrea; come gli venne l'idea della guerra etiopica e come la condusse; come partecipò a fianco di Franco, alla guerra spagnola; come invase l'Albania; come entrò nella seconda guerra mondiale, impegnandosi in Africa, in Grecia e in Russia.
