

Experienced Math Teacher available for online and presential lessons in English

Luogo **Piemonte, Orbassano**
<https://www.annunci.it/x-445204-z>

I'm an experienced online math tutor with a passion for English language (I lived in Australia for a while in my youth) and a proven track record of more than 20 years in guiding students to excel in mathematics. Passionate about fostering a deep understanding of mathematical concepts, I employ personalized teaching methods to cater to individual learning styles. Specializing in making complex concepts accessible, I offer personalized guidance for every level.

I employ personalized teaching methods to cater to individual learning styles and I mentor students in their own way of studying and make them feel they can do it. I start my lessons with a deep dive in Theory and than lots of exercises... all in English! At the end of the lesson, I provide a pdf with the resume of what I do together with my students. Chiudi
