Il massaggio tantrico è un'arte dalle origini millenarie. Attraverso tocchi leggeri e circolari mira a lenire e a sciogliere i blocchi emotivi accumulati a causa dello stress o dell'ansia, regalando uno stato psicologico e anche fisico di qualità più alta. Lo scopo della pratica del massaggio tantrico è il raggiungimento di una percezione di sé più completa. Rappresenta un vero e proprio percorso di crescita condotto allo scopo di raggiungere un'esperienza sensoriale di ascolto del corpo e di meditazione. Il tutto per ottenere un miglior quadro di benessere generale. Si procede al trattamento su viso e corpo. I tocchi sono dolci, ampi e lenti e vengono condotti lungo i chakra e le nadi ossia i canali dove passa l'energia vitale. L'effetto del massaggio tantrico di solito è la percezione di un senso di liberazione, di equilibrio e di pace.
