Afrodite nata il 24 dicembre da mamma randagia che per fortuna ha trovato riparo da un signore meraviglioso che l'ha accolta e gli ha permesso di partorire in un luogo tranquillo e sicuro . Il signore ha deciso di adottare la mammina ma ovviamente non può adottare anche gli 8 cuccioli , quindi ci ha chiesto aiuto per trovare 8 famiglie che possano accogliere queste tenere polpettine . Ovviamente verranno affidati dopo lo svezzamento e finita la pressi sanitaria , quindi sverminazione , vaccini e microchip . Saranno pronti per fine febbraio e noi speriamo che per quella data abbiano tutti un famiglia che li aspetta . Si trovano nel Lazio , adottabili al centro e nord italia . Vengon affidati previo colloquio di preaffido . La mamma di cui alleghiamo foto è un taglia media contenuta sui 14/15 kg , non conoscendo il padre possiamo dire indicativamente che i cuccioli saranno una taglia media sui 15/18 kg . Se interessati all'adozione potete scrivere un breve messaggio di presentazione su whatsapp a Claudia al 366 23 . Chiudi
