19 racconti con traduzione di Augusta Mattioli

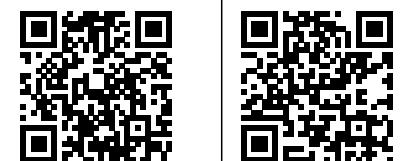

Diciannove variazioni sul tema, diciannove racconti che si leggono come un romanzo, in cui l'autrice, senza un istante di cedimento in una tensione narrativa ottenuta con rarefatta semplicità di mezzi e sostenuta da un umorismo sottile, di pagina in pagina approfondisce il tema; di pagina in pagina aggiunge nuove sfumature al quadro d'insieme, facendo balenare le luci o delineando le ombre di esistenze apparentemente felici, di uomini e donne che in un momento della loro vita, hanno improvvisamente veduto la loro immagine riflessa nel vuoto.
