Separè decorativo "Paravento - Distinguished Elegance [Room Dividers]" è la decorazione originale per gli interni arredati in stile moderno. Paravento di 3 pannelli fatto del telaio di legno e tela stampata su entrambi i lati non solo può dividere lo spazio ma anche creare un'arrangiamento unico nella stanza. Grazie all'alta qualità del prodotto e della stampa Full HD del disegno originale i separè da interni renderanno ogni stanza affascinante.

Paraventi decorativi per interni sono un'idea perfetta per arredare la casa. Vale la pena menzionare le loro funzioni pratiche - separè per interni possono p.es. nascondere lo stendibiancheria. È una decorazione molto originale che si può usare sia negli appartamenti che in locali di servizi come saloni di parrucchiere o di bellezza, studi medici o ristoranti.

Separè decorativo è ideale:

Come un elemento decorativo o un elemento che divide gli spazi in casa

In un monolocale dividendo la zona giorno dalla zona notte

In camera da letto dove divide la zona notte dalla guardaroba

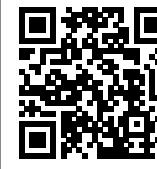

Nei boutique e saloni di bellezza - sia come un arrangiamento originale che lo spogliatoio!

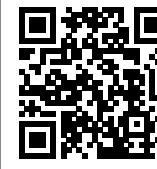

Per dividere lo spazio nella stanza dei bambini

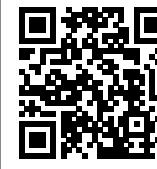

In grandi appartamenti e nei loft
