Hi, I'm Jessa! I'm a dedicated English language instructor with a Bachelor's degree in Education. I've been teaching ESL for several years, and I absolutely love helping my students improve their English skills. My teaching style is all about making learning fun and engaging, tailored to each student's needs. I also teach English to Polish students and businessmen, and I enjoy creating a supportive environment where everyone feels comfortable to learn and grow. I believe in continuous learning and always stay updated on the latest teaching methods to ensure my students get the best education possible. My goal is to empower my students to become confident English speakers, ready to take on the world! Chiudi
