In auction a rare Zuiho Honor S1 is a very rare and highly collectible Japanese Leica camera and only around 1000 ever made. The camera is in very good condition and is fully working including rangefinder and all speeds, focus is smooth as it should be. Viewfinder is bright and clear. The lens is a rare Zuiho 50mm f1,9 is clean with no fungus, no scratches, no haze, no detachment between the lenses, although there are the usual minor cleaning marks to outer element but nothing major and no affect to optics whatsoever. Aperture is clean, no oil on the blades. There is a slight depression on the top of the camera near the incisions. It is truly minimal but fair to note that it is there. The camera comes with its original lens metal cap (very rare) and leather case with strap. Please see the pictures for a better understanding of the stuff. Chiudi
