COD. ITA31

Aermacchi Harley versione AMERICA 350cc, con batteria 12 Volt nuova. Avviamento elettrico e manuale,

7.400 km originali: molto interessante perché usata veramente poco e tenuta benissimo.

L'Aermacchi divenne consociata di Harley - Davidson, che in seguito la assorbì. IL LOOK AMERICANEGLIANTE voluto dalla Casa di Milwaukee si basava in fondo su pochi elementi, capaci però di andare a segno e di ottenere il risultato voluto.

Principali responsabili della nuova linea erano sicuramente il serbatoio a goccia, in tinta metallizzata, e il manubrio dalla forma inconsueta, decisamente più alta di quanto abitualmente si vedesse sulle nostre strade. Il motore con distribuzione ad aste e bilancieri e cambio a 5 rapporti. Non ha necessitato di interventi significativi essendo già in buone condizioni.

Colore originale e documenti in regola da passaggio di proprietà.

Tutti i mezzi pubblicati sono realmente disponibili nel nostro Negozio di Almenno San Bartolomeo – Bergamo, dove previo appuntamento portai provarli.

Possibile permuta.
