

Frank Zappa - Unique copy photographs of Milan concert in 1982 (175 EUR)

Luogo **Umbria, Terni**
<https://www.annunci.it/x-553422-z>

Extremely well preserved colored photographs, each a unique piece and unpublished.
It portraits the "infamous" concert in Milan (Parco Redecesio, the concert of "mosquitoes and syringes") and along with Palermo '82 it has inspired the cover of the album "the Man from Utopia".
The photos were taken probably by an official photographer since they're all close to the artist and they start to document the day from it's arrival by car. Chiudi
