Bryston 2B-LP Pro Dual Mono Amplifier

The Bryston 2B LP PRO is a compact, high quality, dual-channel (stereo) amplifier which provides a musically accurate, extremely reliable, no compromise power source.

Power Capabilities
60W into 8 Ohms (100 into 4 Ohms)
200W into 8 Ohms (Bridged Mono)

Features
Bridging switch configures amplifier into a single 200W Channel
19" black rack mountable faceplate (1U)
Separate channel modules removable from the front without removing the rack
Balanced XLR input
2 Channels each with fully independent power supplies including transformers
60W into 8 ohms (and up to 100 into 4 ohms) per channel
Individual channels can be removed for service from the front without un-racking the amplifier
Ground lift switch
Fully convection cooled means no noisy fans
Machined and anodized aluminum enclosure and dress panel
