About us:  
Established in 2021, Wuhan Ruichi Technology Co., Ltd. (referred to as "Whrchem"), is a high-tech enterprise specializing in chemical research, production, processing and export. We specialize in providing a diverse range of products, including organic intermediates, pharmaceutical intermediates, active pharmaceutical ingredients (APIs), hormone products, and cosmetic raw materials.  
We adhere to the principle of customer first and quality first, and always provide customers with high-quality, low-cost products. As a result, we have become a reliable partner in the chemical industry and enjoy a high reputation in the world market. Our products are widely exported to Russia, European countries, Australia, New Zealand, etc. and provide customs clearance services. We warmly welcome your inquiries and test our quality and channels.
