Up in auction is a fantastic telephoto lens for the Rectaflex, the reflex camera made in Italy. This is an Angenieux 135mm f3.5 type Y2 code OBING sixth version, the latest for this lens. Given its age, the lenses are in good condition, the lenses have no scratches, there are no detachment between the lenses and there is no haze inside but there are fungus on the edge of the first lens. The diaphragms flow precisely. Focus is also precise and jam-free. Some signs here and there the signs of use on the lens barrel. The lens comes with the original Angenieux front cap and a gray B + W 4x filter. A gem for lovers of the Italian Rectaflex camera.\r
