Hi everyone! ????

I'm Dionne, 22 years old (23 in December). I'm from Amsterdam but I am currently studying in Tokyo for 1 semester. I'm currently in the last stages of my master in Data Science.

In February I am planning to go to Rome for an exchange (1 semester) at Luiss. I've started looking for a room to rent in Rome, preferably close to Luiss university (Parioli, Trieste, Salario). I don't care too much about the size of the room, as long as the location is good! My budget is around 600 euros a month.

I've lived with other people for a while now and have loved the experience of living with flatmates! If anyone is offering a room, let me know!
