Dedicated a real relaxing massage performed with oils and scented essences, light music and candles. With slow movements and intense deep pressure on the body. Try a moment for yourself, dedicated to your relaxation and your body. My professional treatments are what you were looking for, with the rhythm of your daily routine. Relaxing massages, anti-stress massages, relaxation treatments, complete body massage tantra, massages on a professional massage table, and in addition massage with feet. For lovers of the genre, two-hand massage. Possibility to take a shower. Choose to be the first person to whom to dedicate your attentions, unique and loved. You will not be able to do it yourself... so why treat your body and your spirit in a quiet environment?
